1. Uvod

1.1 Korisceni programski jezici

Jezici korisceni pri izradi sajta su html, css, bootstrap, javascript, I jquery (ukljucujuci jQuery plugin-ove kao sto su jQuery-ui, jquery touch-punch I jQuery smoothness temu)

1.2 Opis funkcionalnosti

Zajednicko za “index.html” I “products.html” stranice:

- Navigacioni meni unutar koga se nalaze:
 - Dinamcki odstampen meni linkova. Svi linkovi vode na istu stranicu “products.html” ali u zavisnosti od toga koji link se klikne, drugacije patike ce se prikazati
 - Responsive Bootstrap “Burger” koji se pri manjim velicinama ekrana pojavljuje, tipa “offcanvas” koji se, prilikom pritiska na burger, pojavljuje sa leve strane ekrana
 - Profil ikonica koja otvara bootstrap modal koji se sastoji iz tri dela koji su:
 - Account modal koji sluzi kao navigacioni meni gde se bira da li ce korisnik da se loguje ili pravi novi nalog (sign up)
 - Login modal na kome ima jednostavna forma za logovanje, sta god da se upise, I klikne na dugme “Login”, izbacit ce da taj korisnik ne postoji
 - Sign up modal na kome korisnik pravi svoj nalog. Neophodno je uneti sva polja, prateci pravila koja su navedena, delom preko placeholder-a, delom preko error teksta koji izlazi I napominje korisniku sta nije dobro ukoliko polje nije ispravno popunjeno. Neophodno je I cekirati checkbox “I accept the terms and conditions” da bi korisnik uspesno napravio nalog.

Ukoliko su svi uslovi ispunjeni, izaci ce ispod tekst sa zelenom pozadinom koji govori da je nalog uspesno napravljen

- Pojavljivanje I nestajanje celog menija prilikom scroll-ovanja (nestaje kada se scroll-a dole, pojavljuje se kada se scroll-a gore)
- Dinamicko stampanje celog Footer-a

“Index.html”:

- Dinamicko stampanje naslovnih (“Welcome”) slika
- Animacija naslovnih (“Welcome”) slika, uradjenih preko event-a “animationend” gde se na svakih 5 sekundi pokrene css animacija, tipa fade-out. Nakon zavrsetka animacije, slika koja je nestala se stavlja na dno, a na vrh se postavlja slika iza nje, I tako za sve slike.
- Bootstrap-ov Carousel na kome se smenjuju slike (same ili klikom na strelice sa leve ili desne strane Carousel-a ili klikom na bilo koji od malih pravougaonika na dnu. Carousel je delom dinamicki odstampan (strelice I pravougaonici za listanje). Carousel ima 3 patike, svaka vodi na stranicu “products.html” gde se prikazuju informacije o njoj
- Dinamicko stampanje “kategorija” (MEN, WOMEN, KIDS) koje vode na stranicu “products.html” I primenjuju filtre u zavisnosti od kliknutog linka.

“Products.html”:

- Dinamicki odstampane patike sa informacijama o njima (Brand,Model,Price,Img,Category), koje se, u zavisnosti od filtra primenjenog, stampaju sve, ili deo njih.
- Svaka patika predstavlja objekat kojoj se informacije unutar “for” petlje dodeljuju (na osnovu lista svih ostalih parametara - Brand,Model,Price,Img,Kategorija) a ona na kraju dodeljuje listi objekata, odnosno listi patika.
- 4 dropdown liste od kojih su 3 dinamcki odstampane, predstavljaju filtre za pretragu patika koje korisnik podesava.
- Dupli slajder koji se nalazi unutar trece dropdown liste. Napravljen je pomocu dodatnih jQuery plugin-ova (jQuery-ui, jQuery touch-punch I jQuery smoothness tema). Ima dve drske I tekst na kome se ispisuju vrednosti opsega cena
- Bootstrap-ov tooltip za svaku ikonicu korpu patika, aktiviran preko jQuery-ja. Ima dva tooltip-a, koji se, u zavisnosti od toga da li je ikonica kliknuta ili ne, prikazuju.
- Filter dugmad koja se pojavljuju prilikom pritiska na bilo koji filter. Svako dugme se moze zatvoriti I time ukloniti filter primenjen na patike. Dugmad se pojavljuju sa leve strane vec odstampanih dugmadi radi lepseg pregleda.
- “Clear filters” dugme iliti cistac dugme koje uklanja sve filtre I time brise sva ostala dugmad. On se pojavljuje cim se pojavi barem jedno dugme, bilo kog tipa (brend, kategorija, cena) I takodje nestaje ako korisnik ukloni sva ostala dugmad.
- Filter dugme vezan za cenu se uzivo update-uje kako se podesava cena I prilikom njegovog uklanjanja, vrednosti duplog slajdera se vracaju na pocetnu (0 I 300)
- Prilikom svakog stampanja patika, niz patika/objekata prolazi kroz “shuffle” funkciju koja nasumicno preraspodeljuje pozicije

objekata radi razbijanja monotonosti izgleda (da ne budu uvek iste patike u istom redosledu)

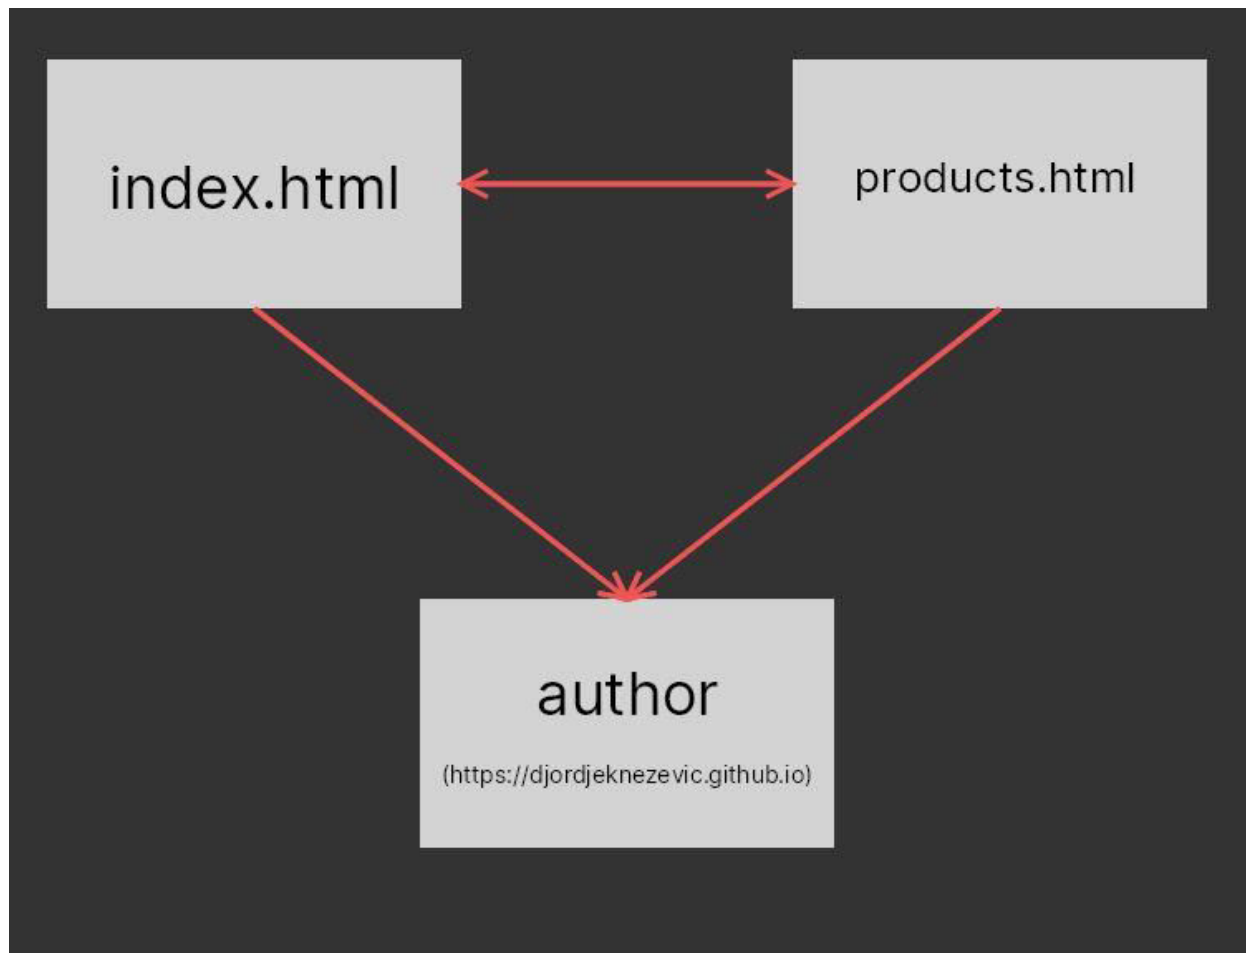

- Jos jednu “burger” dugme za manje ekrane koje listu filtra izbacuje sa desne strane ekrana
- Sortiranje prema ceni (unutar poslednje dropdown liste) – Manje ka vise, I vise ka manje.
- Brojac za kolicinu dodatih artikla. Pojavljuje se kada se doda bar 1 artikal, I nestaje ako se uklone svi artikli iz korpe
- Animirano obavestenje koje govori o uspesnom dodavanju ili izbacivanju artikla iz korpe

1.3 Template

Za izradu sajta nije koriscen nikakav Template

2. Organizacija

2.3 Slike stranica I opis funkcionalnosti

2.3.1 Index.html

Na pocetku ulaska na sajt, docekani smo sa velikim slikama radnji patika koje se smenjuju na svakih 5 sekundi. Iznad imamo dinamicki ispisan nav meni koji vode na stranicu products.html, sa primenjenim filtrima u zavisnosti od toga koji se link kliknuo. Gore levo cosak sadrzi logo I brend, a desno-gore su Cart ikonica I profil ikonica. Na sred ekrana je isto naziv brenda I njegov moto.

Klikom na profil ikoncu izbacuje ovaj account modal koji daje dve opcije: "Login" I "Sign up".

A login modal window with a dark blue header containing the word "LOGIN" and a close button (X). The main area is white and contains two input fields: "Email/Username" and "Password". Below the "Password" field is a blue "Login" button. At the bottom, there is a dark blue footer with the text "Don't have an account?" and a white "SIGN UP" button.

Login modal ima dva polja namenjena za logovanju korisnika, nakon bilo kog unetog teksta (ili praznog polja) I klikom na dugme “Login” izaci ce da korisnik ne postoji

A login modal window showing an error state. The "Password" field is visible. Below it is a blue "Login" button and a red error message box that says "This user does not exist". At the bottom, there is a dark blue footer with the text "Don't have an account?" and a white "SIGN UP" button.

Takodje je moguće ici sa login na sign up modal I obrnuto klikom na dugme u donjem-desno uglu.

Sign up modal je komplikovanije prirode jer sadrzi vise polja I dosta detaljniju proveru unetih vrednosti. Svako polje sadrzi placeholder na kome je primer ispravno unetih vrednosti.

SIGN UP [X]

Username Password

First name Last name

Email Address

I accept the terms and conditions ☐ **Sign Up**

Already have an account? **LOGIN**

Ukoliko korisnik nije uneo nikakve vrednosti u polja i izasao iz njih, ili je kliknuo na dugme “Sign up”, svako nepopunjeno polje ce se zacrveniti.

SIGN UP [X]

Username Password

First name Last name

Email Address

I accept the terms and conditions ☐ **Sign Up**

Already have an account? **LOGIN**

Ukoliko je korisnik uneo nepravilno bilo koje od polja, pa izasao iz njega, ili kliknuo na dugme “Sign Up”, izaci ce mu ispod tog polja sta nije u redu

SIGN UP

✕

Username

mark

Username must be between 5 and 20 characters long and must not contain spaces

Password

••••••••

Password must contain at least 1 number

First name

A

Name (First and Last) must be between 3 and 20 characters long and must not contain spaces

Last name

petrovic

Name (First and Last) must start with a capital letter

Email

@ja.ict

Invalid email format (Email must contain "@" and end with a domain name (Ex. ".com"))

Address

Aaaa

Address must include a number (Ex. 2, 6/a, 30/4b, BB)

I accept the terms and conditions ☐

Sign Up

Already have an account?

LOGIN

A ukoliko je korisnik uneo sve ispravno, cekirao checkbox “I accept the terms and conditions”, I kliknuo na dugme “Sign up”, izaci ce mu obavestenje da je uspesno napravio nalog

The image shows a 'SIGN UP' form with a dark blue header and a light green success message. The form fields are as follows:

Field	Value
Username	Mark123
Password
First name	Mark
Last name	Marcus
Email	hello@ict.edu.rs
Address	Balkanska BB

Below the form, there is a checkbox labeled "I accept the terms and conditions" which is checked, and a "Sign Up" button. A green message box at the bottom of the form area says "✓ Successfully signed up". At the bottom right of the form, there is a link "Already have an account?" and a "LOGIN" button.

Ispod “welcome” dela sajta se nalazi carousel koji sluzi kao “highlight” novih ili popularnih patika. Klikom na bilo koju patiku vodi na stranicu “products.html” gde se ta patika nalazi. Carousel je moguće listati klikom na strelice ili male pravugaonike na dnu, a inace se sam lista. Dugmad carousel-a su dinamicki odstampati.

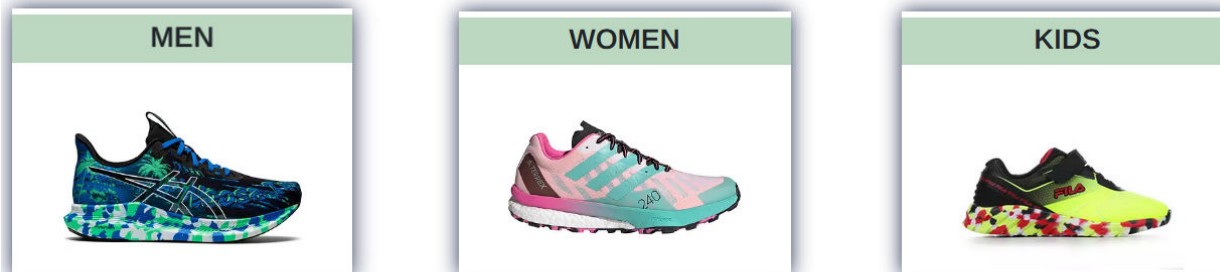

Ispod Carousel-a se nalazi deo sa akcijama koji isto vodi na stranicu “products.html” sa primenjenim filtrima.

Deo “Kategorije” služi kao navigacioni meni, koji, u zavisnosti od toga na koji se klikne, drugaciji filtri se primenjuju na stranici “products.html”. On je dinamički odstampan.

CATEGORIES

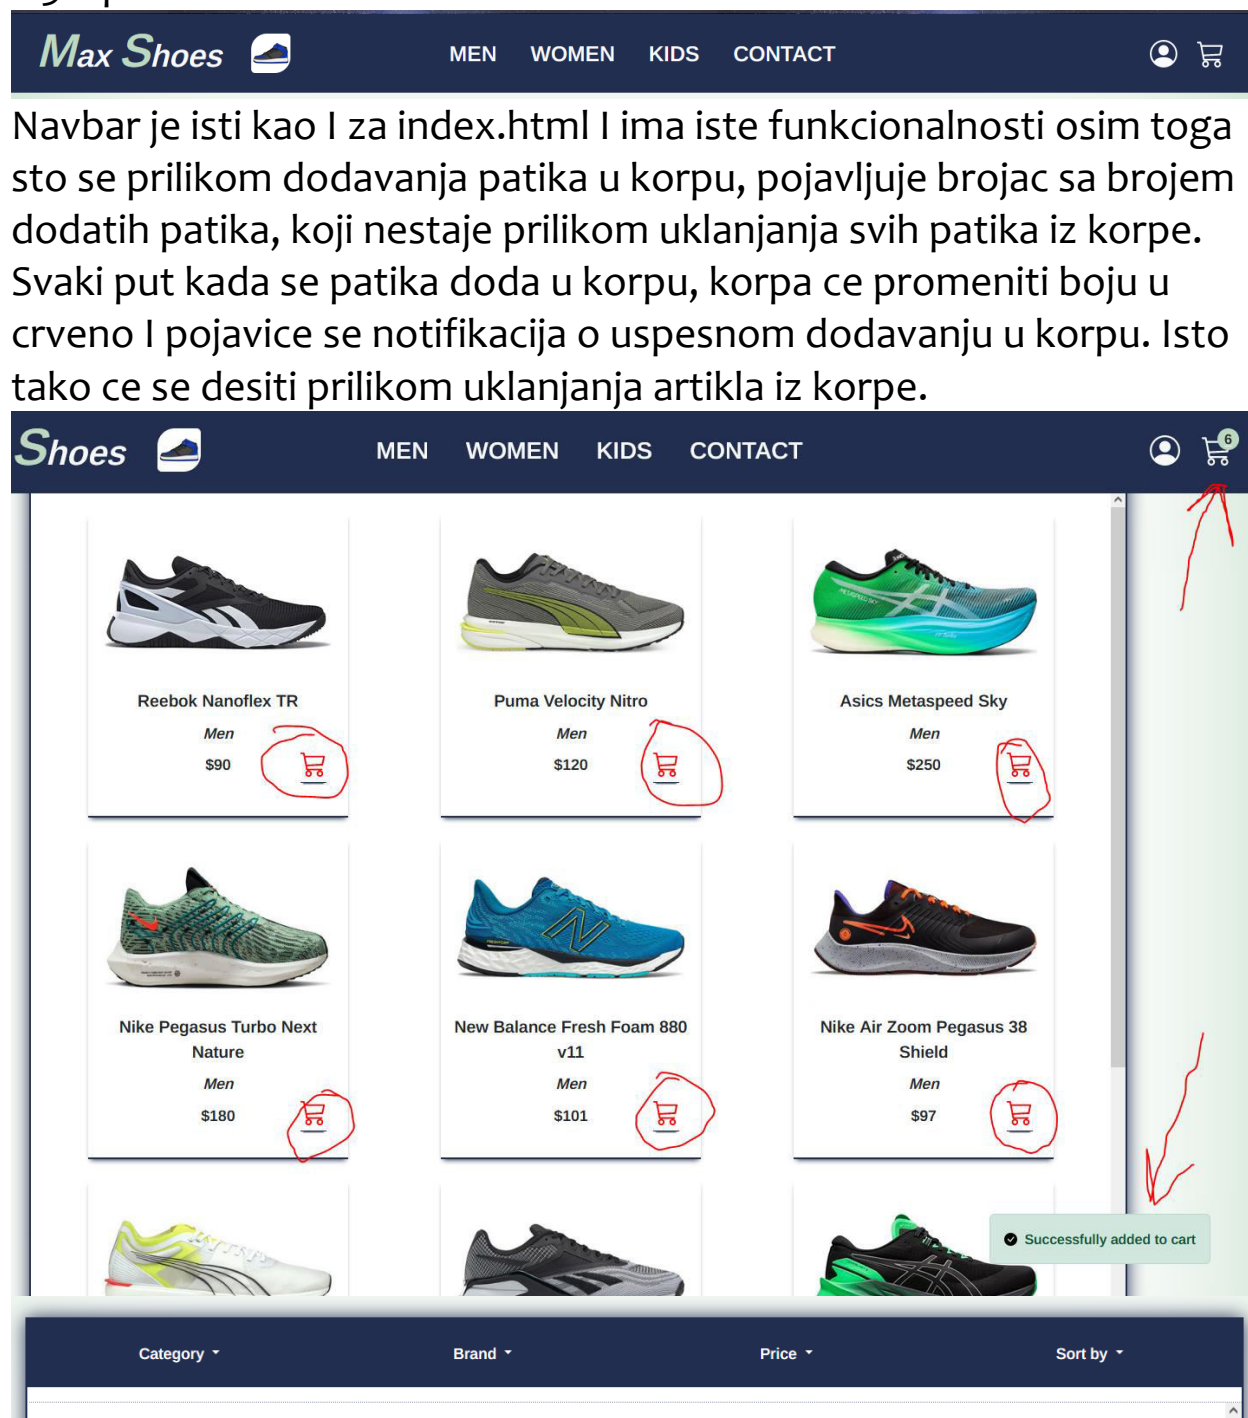

Best offers and selection for each of the categories

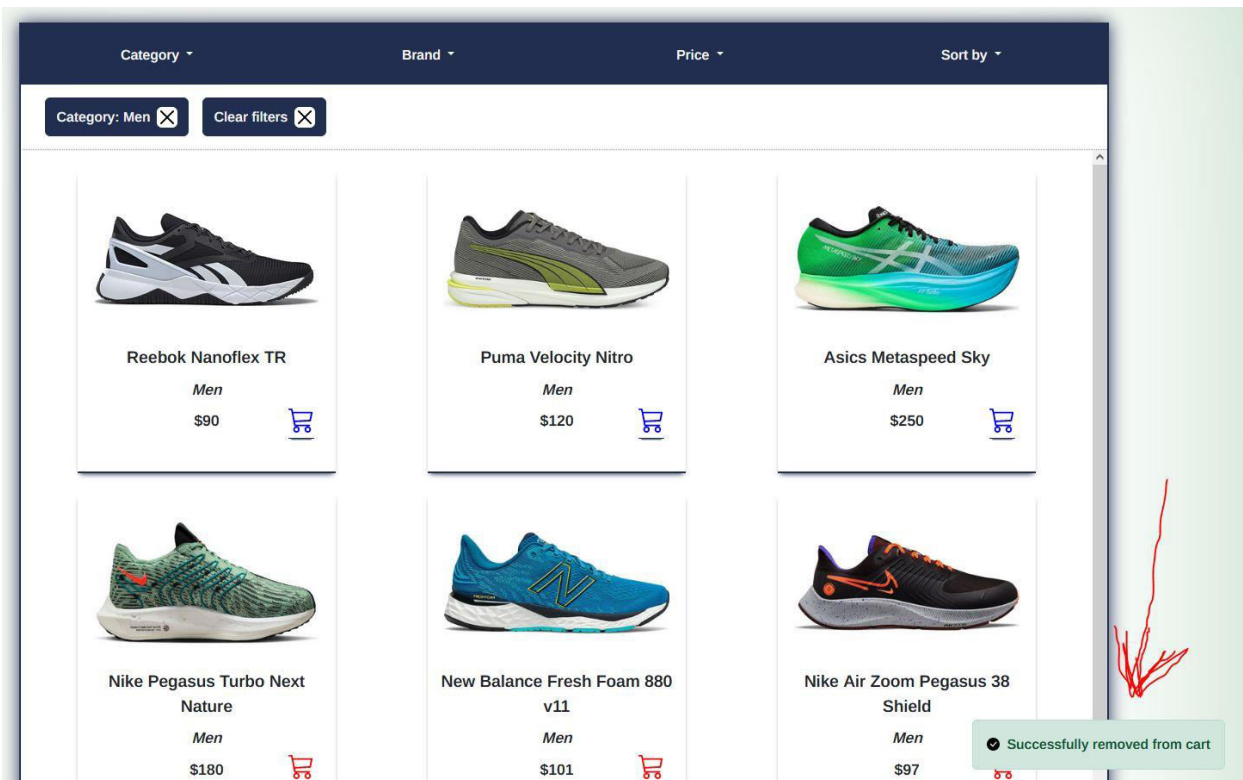

Na dnu stranice se nalazi u potpunosti dinamički odstampan footer na kome se nalaze kontakt informacije, facebook/instagram I rss stranice (Samo rss postoji, facebook I instagram vode na njihove pocetne stranice), I informacije o samom sajtu (Autor, Dokumentacija, mapa sajta)

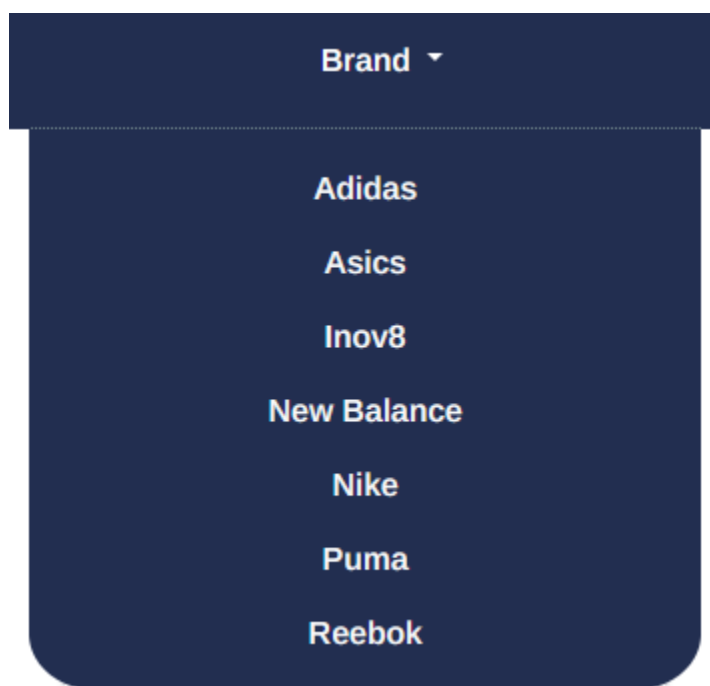

2.3.2 products.html

Ispod nav menija se nalazi deo gde korisnik bira filtre za tip patika koje zeli da vidi. Opcije su: Kategorija, Brend, I opseg cena. Takodje I ima opcija za sortiranje cena. Vise ka nize, ili obrnuto.

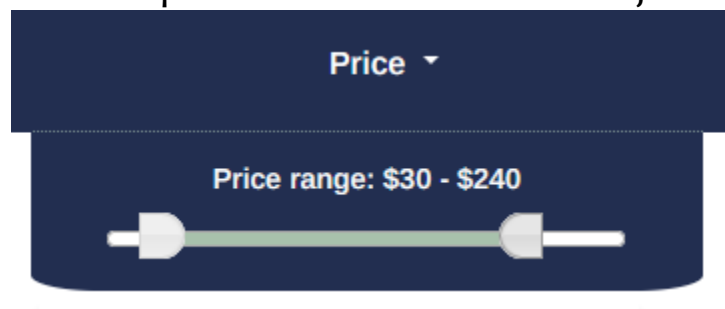

Prve dve, i poslednja dropdown lista su dinamicki odstampane a inace sve 3 imaju jQuery slideToggle(“fast”) animaciju. Treca dropdown lista sadrzi dupli slajder napravljen preko jQuery-evog plugin-a jQuery-ui sa temom “smoothness” i podrskom za touch screen uredjaje preko plugin-a touch-punch (bez ovog poslednjeg slajder ne bi radio na touch screen uredjajima)

```
<link rel="stylesheet" href="https://ajax.googleapis.com/ajax/libs/jqueryui/1.11.2/themes/smoothness/jquery-ui.css">
```

```
<script src="https://ajax.googleapis.com/ajax/libs/jqueryui/1.11.2/jquery-ui.min.js"></script>
<script
  src="https://cdnjs.cloudflare.com/ajax/libs/jqueryui-touch-punch/0.2.3/jquery.ui.touch-
  punch.min.js"></script>
<script type="text/javascript" src="Assets/js/script.js"></script>
```

Kako se povlacenje drške tako se menja tekst iznad slajdera

Odmah ispod dela za biranje filtra se nalazi prostor koji se popunjava (I prazni) dinamički prilikom biranja nekih od opcija izabranih u dropdown listama iznad. Primer:

Svaki od ovih filter pravugaonika ima dugme za uklanjanje I time se takodje uklanja filter primenjen na pretragu patika. Takodje se prilikom biranja barem jednog filtra pojavljuje I dugme “Clear filters”, koji, pritiskom na njega, uklanja sve ostale filtre, ukljucujuci samog sebe (dugme “clear filters” nestaje cim nema ni jedan filter izabran)

Nakon toga sledi glavni deo a to je okvir sa samim patikama
